

บริษัท มิลล์คอนสตีลจำกัด (มหาชน)

MILLCON STEEL PUBLIC COMPANY LIMITED

MILL 012/2015

03 June 2015

Subject : Inform the MOU signed with Kobe Steel to mill steel wire rod venture in Thailand. (Tokyo, Japan)

Attention : President

The Stock Exchange of Thailand

The Company inform that on June 3, 2015 the Company and Kobe Steel, Ltd. signed a memorandum of understanding (MOU) in Tokyo. The two companies have agreed to commence joint consider establishing a joint venture to produce and sell steel wire rods in Thailand. Including the shareholding ratio, production equipment, and amount of capital investment.

Kobe Steel, Ltd is one of the biggest steel maker in Japan, formed in 1905. The company's main business are iron and steel products and others business. Kobe Steel has been responding to growing overseas demand by setting up wire rod secondary processing bases in China, the United States, Mexico and Thailand. If the joint venture is realized, it will be Kobe Steel's only base overseas that produces wire rods. The joint venture would also further improve the local supply system for wire rods in the Southeast Asian region.

Kindly be informed accordingly

Yours sincerely,

.....
(Mrs. Duangkamol Sukmuang)
